EDUCATION

2023-2027

SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY

- Bachelor of Engineering in
Computer Science and
Engineering
- GPA: 7.72 / 10.0

SKILLS

Programming Languages

- Java, C++, JavaScript

Frontend Development

- HTML5, CSS, React.js, Tailwind
CSS

Backend & Frameworks

- Spring Boot, REST APIs, JWT

Database

- MySQL, PostgreSQL

Tools & Other

- Git, Linux, Selenium

LANGUAGES

- English
- Hindi
- Tamil

SUMMARY

Full Stack Developer specializing in React.js and Spring Boot with experience building responsive web applications and REST APIs. Strong problem-solving abilities and collaborative approach to project development. Proficient in database management with MySQL and PostgreSQL, and version control with Git.

PROJECTS

Employee Management System

- Created a full-stack application with CRUD operations for employee data management
- Implemented responsive React.js frontend using functional components and React Hooks
- Designed reusable UI components and integrated form validation features

E-commerce Exchange Platform

- Built web application supporting product trading across multiple categories
- Integrated JWT authentication for secure user access control
- Created intuitive user interface focusing on user experience and accessibility

Smoke and Fire Detection (IOT)

- Developed real-time hazard detection system using Arduino Uno microcontroller
- Configured MQ-2 smoke sensor and flame sensor integration
- Programmed sensor calibration and threshold-based detection logic in Embedded C
- Conducted system testing to ensure reliability and accuracy

ACHIEVEMENTS

- Solved 100+ data structures and algorithms problems on LeetCode
- Successfully deployed 3+ full-stack web applications
- Automated UI testing using Selenium for user flow validation

STRENGTHS

- Strong problem-solving ability with a logical and analytical mindset.
- Excellent collaboration skills and ability to work well with new colleagues.
- Multilingual, enabling effective communication with diverse groups of people.
